### EXAMINER'S AMENDMENT

Authorization for this examiner's amendment was given in a telephone interview with George Loud 5 Aug 2004.

The application has been amended as follows:

#### IN THE CLAIMS

➤ In claim 1, line 14, the word "suitable" has been deleted

2. The following is an examiner's statement of reasons for allowance:

While the prior art of may indeed disclose air purge-type system wherein air inside of a traveling path is forced outside of the duct, the prior art does not disclose a cleaning means as claimed in claim 1 wherein air present within the traveling path is cleaned and wherein this cleaned air is discharged to the exterior, in combination with a slider. The term "slider" in the claim has been taken to mean *that which moves smoothly along a surface* (Merriam-Webster's Collegiate Dictionary 10<sup>th</sup> ed.). In Napaow '833, air is not "cleaned" but rather forced out of the traveling path, and hanging portion 34a cannot be a slider as it does not move along a surface.
